The COVID-19 Battle
Fighting the Invisible Foe through Data Visualization and Utilization

Iloilo City Government, Western Visayas Centre for Health Development, USAID Philippines, RTI International

**Activity Description**

The steps of the engagement began with gathering of partner agencies, development partners, and the local government unit (LGU). The barangays were held and an initial assessment was provided together with feedback from community leaders, health workers, and local government officials.

**Activity Impact**

**Health Information System**
